

SURFERS' PARADISE

LISA RÖTHIG

Playa De Los Lances in Tarifa is a paradise for kitesurfers, surfers and windsurfers. Wind and waves can be relied on almost all year round on the ten-kilometer-long sandy beach. Masses of colorful kites are carried to the beach, pumped up and released

into the air, right up to riding the waves. The colorful kites wave in the air. A kite school teaches learners the basics. Every now and then a jogger passes by. It is wonderful, almost magical, to observe and capture this colorful hustle and bustle.
